

## Parent Payments 2022 Back to School Supplies -All Grade Levels

Dear Parent/Guardian,

You would have read the information on page 1 of this correspondence re 2022 **Curriculum Contributions** (previously known as Essential Student Learning Items) support items and activities that help deliver fundamental curriculum or subject learning eg: General classroom materials and equipment.

We have decided that next year we will be our sourcing the purchase of all classroom materials from an outside provider.

After many discussions with different suppliers, we have decided that Kookaburra Educational Resources will be our provider of our classroom supplies for 2022.

Each family will be required to log-on to the Kookaburra Educational Resources site (see attached documentation).

You will not be able to add or remove any items for the list. The entire list is required and hopefully will cover the entire year. If students however lose, break, or generally destroy their items than parents will be asked to replace them during the year. We will not be supplying any extra items to the students.

This site will be live from Monday 25<sup>th</sup> October until Friday 10<sup>th</sup> December. This ensures that all items purchased will be delivered to the school on a set date in January. If you order later than the 10<sup>th</sup> December than there will be a late charge and there is no guarantee as to when they will be delivered.

As always, for families undergoing financial hardship, there are various ways the school can help ease the burden so please don't hesitate to ask Anne about this.

For further information on the Department's Parent Payments Policy please see the one-page overview attached.

Yours Sincerely,

*Sharon Baker*  
*Principal*

*Matthew Barnett*  
*School Council President*
